

### Nolan Browning Heads Communities' Division

Thousands of Red Cross volunteers soliciting funds in chapter territory outside of Los Angeles proper during the 1950 drive will be directed in their efforts by Nolan Browning, vice-president of the Bank of America, who successfully fulfilled this post in Los Angeles Red Cross fund drive organization through the 1949 appeal.

Browning's appointment to this post was announced by the volunteer general chairman, Earle M. Jorgensen, as he initiated the selection of his key aides for

### New Classes Offered by Night School

Walter Holstein, principal at Banning Evening Adult School, has announced enrollment openings in the advanced shorthand class. Students in the intermediate and advanced classifications are welcome. Mrs. Marguerite Arave, class instructor, offers special help with theory and review. Dictation runs from 60 to 120 words a minute. The class meets Mondays and Wednesdays from 8:00-9:30. Skills in this class can be correlated with the advanced typing class, which meets from 6:30-8:00 the same evenings.

**CRAFT CLASS**  
Specialists and hobbyists in creative arts and crafts will welcome the opportunity to enroll in a new art craft class meeting at the Carson Street School. The first class is scheduled for January 4, Wednesdays, 9:12:00 a.m. The course will specialize in textile painting on fabric or batik.

Mrs. Violet McCormick, class instructor, also will offer technique in leather art and art metal.

Those interested may call the Banning Adult School, Terminal 4-2343 for further information.

**TYPING CLASS**  
Announcement has been made of openings for enrollment in the Advanced Typing class at Banning Evening Adult School. Beginners will not be accepted until the opening of the new semester, but typists wishing to review skills or to brush up on speed can register now. The practice sessions are especially useful for personnel interested in Civil Service examination opportunities. Class work is administered under Civil Service conditions.

Miss Lydia Packwood, class instructor, emphasizes attention to individual needs. The class meets Monday and Wednesdays, 8:30-9:00, and can be taken in conjunction with the advanced shorthand class meeting 8:00-9:30 the same evenings.

### PERFUME

Perfume shopping should be one important occasion when "the nose knows." But you'll be wise to avoid eating strongly flavored food before you start sniffing. Smoking is another way of dulling your sense of smell. Don't sample more than three scents in succession. The best way to test perfume is to put a drop on your palms; rub them together until the alcohol evaporates; then breathe in. Good Housekeeping magazine reports that only one person in 100 either has no sense of smell or can't detect certain odors under normal conditions.

Ability will enable a man to get to the top, but character is the only thing that will keep him from falling off. —Aron
